BUCKET MATERIALS SELECTION GUIDE

	Mild Steel	Stainless 304	Stainless 316	HDP	Nylon 6	Reinforced Nylon	Polyurethane	Nyrim
Property								
Cost	1	3	4	1	2	3	4	4
Wear Resistance	3	4	4	1	2	3	3	4
Impact Resistance	2	2	2	1	2	3	2	4
Non-Stick	1	3 [^]	3 [^]	2	3	3	4	3
FDA Food Approved	•	•	•	•	•	•	•	•
Max Temp °C Continuous#	180+	250+	250+	70	100	110	60	110
Max Temp °C Peak#	200	400	400	80	120	130	70	130
Colour	Grey	Silver	Silver	White	Cream	Beige	Green [†]	Dark Grey

Code 1 = Low ----- 4 = high

* Other colours on request

[^] When polished

Refer to our technical department

Material/Applications

Mild Steel General purpose, long life, cereals and industrial products
Stainless 304 Food, corrosive and high temperature products
Stainless 316 Food, highly corrosive and high temperature products
HDP Cereals and food products

Nylon 6 Hot, abrasive and sticky products
Reinforced Nylon Hot, highly abrasive and sticky industrial products
Polyurethane Sharp, cutting and sticky products
Nyrim Extremely abrasive, high impact industrial products
